

NAME : PANKAJ BHATT

COURSE : MCA HLD

ROLL NUMBER: 2098012

1. There is an organization A with multiple departments. Design a network for the HR department and the size of the department is 10 users. Also, show the communication between user number 1 and user number 5 of the network. (7

MARKS)

MID TERM PRACTICAL

PMC 202

Computer Network

NAME → PANKAJ BHATT

STUDENT ID → 20711041

ANSWER 1:

Step 1: First we create Organization 'A'.

Step 2: We connect 'A' (Router) to HR department (Switch).

Step 3: In the HR Department we create 10 user user1 to user 10. and connect them.

Step 4: Assign the ip address and default gateway to all user.

Step 5: Check the connection through Ping and Simulation by PDD. and show connection Successful.

2. There are two organizations in a city named GEU and GEHU, design a network between the SOC department of GEU and GEHU. Also, show the communication between user number 1 of GEU and user number 2 of GEHU. (8 MARKS)

NAME → PANKAJ BHATT

STUDENT ID → 20711041

ANSWER - 2

Step 1: first we create the Router and 2 Switch (denoted GEU and GEHU).

Step 2: In GEU we create 4 user and connect it to switch (GEU).

Step 3: In GEHU we create 4 user and connect it to GEHU by switch.

Step 4: Assign the ip address of both GEU and GEHU all user.

Step 5: Connection check by PDU in simulation mode. and It show connection successful.
